### For Immediate Release

The Cummington COVID-19 Workgroup (Selectboard, Board of Health, Fire Chief/Emergency Manager & Police Chief) continues to monitor this unprecedented global pandemic and the challenges it brings to our rural community.

We are constantly gathering and processing information received via emails, text messages, and conference calls. The work group communicates daily, sharing information, reassessing current data, all with the health, safety and welfare of all Cummington residents in the forefront of our minds.

This past week, Cummington Emergency Services (Police/Fire/EMS) received supplies through the Massachusetts Emergency Management Agency. These supplies included:

Protective Gowns

Hand Sanitizer

Face Shields

Sanitizing Wipes

Liquid Disinfectant
